Dear Parent/Carer,

Re: Maths calculators and geometry sets

We are pleased to offer you the opportunity to buy a Casio FX-83GT plus scientific calculator and a geometry set (30cm ruler, 180° protractor, compass, pencil, pencil sharpener and eraser) for your son/daughter. The deadline for payment is 9th September 2018. The calculators and geometry sets will be ordered in September 2018 and will be given to your son/daughter in their Maths lesson.

Not only are these the types recommended by our Maths department; we can offer them to you at the following bargain prices:

- Calculator only: £7.00
- Calculator and geometry set: £8.00

Please make payment through your ParentPay account. Once you have accessed ParentPay, please follow the instructions on screen, select the relevant payment item and make your payment.

If you are unable to use ParentPay please contact Mrs Williams, the Assistant Business Manager (awilliams@st-edmunds.eu).

Some Pupil Premium students may qualify for a calculator and geometry set free of charge. For example, if your child receives free school meals, you may be entitled to a free calculator and geometry set. If this is the case, please do not make a payment via ParentPay as your child's Maths teacher will be aware and will provide the equipment free of charge. If you are unsure whether your child will qualify for free maths equipment, please ask your child to speak with their Maths teacher before the end of term.

Yours faithfully

Mr M Thain

Head of Maths

Wyvern St Edmunds
