

Wyvern St Edmund's  
Learning Campus

# Pupil Premium

As much as it can be a time of huge anticipation/excitement to move to a secondary school we also recognise that there are costs involved. We are also aware that some of our families may well be in need of financial support. There are school funds to support students who have Free School Meals (including the last six years), who are Adopted from Care (Parents/carers can choose whether to disclose this), or who are Looked After Children. If you have queries, concerns or your circumstances change then please talk to us. We are not here to judge, and will do all that we can to help.

If you have any questions on the above please do not hesitate to contact us at the school and we will be delighted to help.
