Dear Parent/Carer

GCSE Art: After School Support

I am pleased to inform you that we will offer after school support for GCSE Art students in year 10 and 11 starting in the week commencing 2nd November.

It is important that students are working on their pieces outside of their timetabled lessons so the purpose of this is to give them access to the art materials they need, catch up with any outstanding tasks and to have expert support from art teachers.

In line with Covid-19 guidelines, each year group will have a dedicated day and room to ensure year groups do not mix. Of course, we will ensure social distancing measures and cleaning regimes are adhered to.

All students attending must sign in using the signing in sheet when they arrive, so that we have records for track and trace purposes and safeguarding.

After school support for year 10 will be every Monday 3-4pm in Mrs Quelch's classroom 03.5.

After school support for year 11 will be every Wednesday 3-4pm in Miss Saunders' classroom 03.4 and on Tuesdays in Miss Hudson's classroom AR1/C08.

Students do not need to attend weekly but should take advantage of the sessions as they need to or as guided by their teacher.

Please encourage your child to take full advantage of this opportunity. We look forward to seeing our young artists in these sessions next term.

Kind regards

Miss A Saunders
